

NAFNIS 2022

The Nigeria-Africa Natural Resource &
Energy Investment Summit

Abuja ICC, Nigeria
30th May-2nd June 2022

NIGERIA-AFRICA NATURAL RESOURCE & ENERGY INVESTMENT SUMMIT

The Nigeria-Africa Natural Resource & Energy Summit is a development platform initiated by the Nigerian Government. Leveraging on its over half a century years' experience within the natural resource and energy sectors, Nigeria seeks to work with fellow African Nations to continue the sustainable development of Africa's natural resources through knowledge sharing, investment, and trade.

With the world focused on phasing out the use of fossil fuels and cutting down carbon emissions to protect the world from a Climate Change catastrophe this forum was initiated to encourage the development and financing of sustainable and green natural resource and energy projects in Africa.

FOCUS

The summit therefore focuses on the development and financing of renewable energy projects in Africa, natural gas projects which emit significantly lower carbon emissions that may be used to power industries in Africa, and green metal mining projects that produce raw materials that will be used to power a green world.

This platform operates as a multi-stakeholder, multi-disciplinary platform dedicated to marketing bankable projects within the African Natural Resource and Energy Sector, raising capital for such projects, sharing knowledge, and developing policy to accelerate the development of the natural resources and energy of every African Nation sustainably.

Every edition of the Nigeria-Africa Natural Resource and Energy Investment Summit is targeted at addressing the fundamental challenges African nations are being confronted within the Natural Resource and Energy Sectors and to discuss investment trends and strategies that can be utilized to maximize the potential and accelerate the economic diversification of African nations.

A GREENER AFRICA?

The theme for this year's edition is "Towards A Greener Africa" which sees the summit focus on developing green projects in Africa in accordance with the need to protect the planet from climate change. As the world moves towards a green economic recovery post covid-19 this edition seeks to ensure that Africa is taking steps to utilize new technology to cut carbon emissions within the sector and that the African natural resources sector is being developed to take advantage of the fast developing green metals international market and thus attracting investment for their development.

The Nigeria-Africa Natural Resource and Energy Investment Summit has 3 Key Objectives:

1. Financing of Bankable Sustainable African Natural Resource & Energy Projects
2. The promotion of Trade and Knowledge Sharing between African Nations
3. Policy & Strategy Development for the sector as the world moves towards a green economy with less reliance on African fossil fuels.

KEY FEATURES

THE PHYSICAL SUMMIT PLATFORM

This consist of plenary sessions Opened by H.E. President Muhammadu Buhari GCFR, other African Leaders, Ministers, Ambassadors, Captains of Industries, and Representatives of Multilateral Institutions.

THE DIGITAL PLATFORM & KNOWLEDGE HUB

This platform which is sponsored by i-MINE provides each country participating at the summit with a marketing page where projects seeking financing and partnership at the summit will be uploaded. The platform also provides summit participants with the opportunity to learn and understand the most up to date information with respect to each country or State participating at the summit. The platform is also used to track and facilitate deal making during the summit using data and analytics.

NETWORKING, MEETINGS, & DEALMAKING FORUM

Summit participants will have access to the summit networking app which will provide participants with the opportunity to network and arrange meetings for deal making purposes. The Summit will also provide Bilateral meeting spaces for African leaders and a dealmaking forum for CEOs and financiers.

THE EXHIBITION

The Summit provides industry actors with exhibition spaces to demonstrate services, products, and investment opportunities to the world. This will provide exhibitors with an opportunity to have a lasting presence that will ensure lead development over the course of the summit.

CULTURAL SHOWS, DINNERS, AND LEISURE

Summit participants will be provided with the opportunity to enjoy the social and cultural side of Abuja, with Cultural shows, Presidential Dinners, and Golf Tournaments organised to keep them entertained and so that they may truly experience the wonderful culture and environment in Africa.

HIGHLIGHTS

GOVERNMENT HOSTED

Officially Hosted by the Federal Government of Nigeria under the Leadership of President Muhammadu Buhari, GCFR, with the Nigerian Ministries of Mines, Petroleum, Power, Environment and Foreign Affairs leading the organization of this flagship summit. The Summit will also have the participation of over 50 African governments making it the ideal platform for doing business in Africa, inter-African trade, inter-African investment, and African mining and energy policy development.

UNDERSTAND THE CURRENT CLIMATE

Learn about new investment opportunities, trends, and the economic climate facing Africa.

CONNECT WITH INDUSTRY HEAVYWEIGHTS

Meet with leading multinationals and key stakeholders within Africa's energy and mining sectors

SHOWCASE NEW TECHNOLOGIES & PRODUCTS

Through the exhibition space at the International Conference Centre showcase new projects, cutting edge technologies and services that can secure a prosperous sustainable and green future for Africa's mining and energy sectors.

4-DAY AGENDA

Hear from top government officials, thought leaders and multinationals on the key opportunities and industries within the African Energy and Mining sectors.

WORKSHOPS

Learn about current trends within the industry at workshops geared towards enhancing the knowledge base of African professionals within the industry.

MINISTERIAL ROUNDTABLES

These designated spaces within the Summit provides participants with opportunities to schedule meetings with relevant ministers from across Africa to discuss on-going transactions or new opportunities.

KEY ATTENDEES -NIGERIA

H.E. President Muhammadu Buhari, GCFR
President of the Federal Republic of Nigeria.

H.E. Arc. Olamilekan Adegbite
Minister of Mines and Steel Development, Nigeria

H.E. Chief Timipre Sylva
Minister of State, Ministry of Petroleum, Nigeria

H.E Engr Abubakar Aliyu
Minister of Power, Nigeria

H.E. Ambassador Zubairu Dada
Minister of State, Ministry of Foreign Affairs, Nigeria

H.E Chief Sharon Ikeazor
Minister of State, Ministry of Environment, Nigeria

Mr. Mele Kyari
Group Managing Director, Nigerian National Petroleum Corp.

WHO ATTENDS?

POWER, ENERGY, & MINING -FOCUSED INVESTORS

- Africa-Focused Funds
- Energy & Mining-Focused Managers
- Sovereign Wealth Funds
- Development Finance Institutions
- Family Offices
- Mining Private Equity

GLOBAL PUBLIC SERVICE AND GOVERNMENT OFFICIALS

- Presidents/Heads of States
- Ministers
- Governors
- Director Generals
- Senior Advisors
- Heads of Investment Agencies
- Heads of Multilateral Institutions

POWER COMPANIES

- Electricity Providers
- Electricity Distributors
- Renewable Energy Providers

MINING COMPANIES

- Explorers
- Project Developers
- Producing Mines
- Multinational Mining Corporations
- National Mining Companies

OIL & GAS / ENERGY COMPANIES

- Explorers
- Project Developers
- Producers
- International Oil/Energy Companies
- National Companies

SERVICE PROVIDERS

- Technology providers
- Geological Research
- Investment Banks
- Law Firms
- Business Consulting

AGENDA

Day 1

DAY 1

MINING DAY

| 09:00-09:10 | **Welcome Address by the Honourable Minister of Mines**

| 09:10-10:00 | **Presidential Keynote Addresses**

- H.E The President of the Federal Republic of Nigeria
- (Launch of the Nigerian NIMEP Licensing Round by H.E Mr President)
- Participating Presidential Addresses (x5)

| 10:00-10:30 | **The Nigerian Mining Sector**

- Under explored minerals key to clean renewable energy.
- Opportunities within the Nigerian mining sector: Infrastructure development
- Strategies to encourage sustainable mining in Nigeria.
- Nigeria Mining Success Story.

| 10:30-11:00 | **The National Integrated Mineral Exploration Programme (NIMEP)**

De-risking mining in Nigeria

- Unveiling of new data on rare & base metals.
- Detailed mapping of the Benue Trough, Schist Belt and Pegmatite Belts.
- Mining projects open to investors to further develop.
- Details on upcoming concession bids.

| 11:00-11:30 | **Official Opening of the Exhibition**

| 11:30-13:15 | **Country Spotlight Sessions: Sustainable and Green Metals Mining**

AGENDA

Day 1

DAY 1

 MINING DAY

| 11:30-12:00 | Sustainable Mining: African Country Case Study

Responsible Mineral Sourcing and Production

- ☐ Balancing the need for mineral exploitation with sustainable development.
- ☐ Using incentives to lower emissions from mining metals and coal.
- ☐ The use of carbon capture technology to complement high carbon mining projects.
- ☐ A corporate view: TBC

| 12:00-12:30 | Country Spotlight

A clean & renewable energy mineral haven

- ☐ What makes an attractive mining destination?
- ☐ New government policies/incentives to attract new mining investors.
- ☐ Attractive projects open to partnerships.
- ☐ Successful mining investment case studies.

| 12:00-13:00 | Nigeria's Governors Forum Session

A collaborative effort with mineral rich states

- ☐ Developing a vibrant state mining industry.
- ☐ Taking a proactive step in promoting mining in Nigeria.
- ☐ Balancing national interests with states interests.

| 12:30-13:00 | Green Metals in West Africa: Country Spotlight

Becoming a producer in West Africa

- ☐ Mining projects contributing to the global supply of battery metals.
- ☐ Investment opportunities within upstream and downstream in the mining sector.
- ☐ Successful case studies.

AGENDA

Day 1

DAY 1

MINING DAY

| 13:00-14:00 | Lunch

| 14:00-14:45 | African Mining in 2022 and Beyond

Ministerial panel session

- Mining as a key driver for Africa's industrialisation.
- A collective effort on promoting sustainable mining while achieving economic growth.
- Supplying vital minerals to Africa and the world.
- A path forward for midstream and downstream mining sectors in Africa.

| 14:45-15:30 | Corporate Spotlight Presentations

Presentations from mining companies developing exciting mining projects in Africa.

| 15:30-16:15 | The Green Energy Transition Panel

Private Companies Leading The Way

- Minerals and projects leading the transition.
- The Metals behind clean energy and their economic value and is this the key driver for exploitation and investment?
- Shifting away from coal power in Africa, what is the alternative?
- Challenges facing the Green Energy transition.
- Is the 2050 green energy target achievable on current production models?

| 16:15-16:30 | Tea & Coffee

AGENDA

Day 1

DAY 1

MINING DAY

| 13:00-14:00 | Lunch

| 16:30-17:30 | Responsible Mining Panel

- ☐ Creating a diverse work force in mining (WIM).
- ☐ Non-evasive mining exploration.
- ☐ Tailings waste solutions and new technologies to reduce water waste in mining.
- ☐ Lessons learned from previous mining disasters?

| 17:30 | Close of Day 1 of the Conference

| 19:30-22:00 | Opening Day State House Gala Dinner- by invitation only

AGENDA

Day 2

DAY 2

OIL & GAS DAY

| 09:00-09:10 | **Welcome Address by the Minister of State for Petroleum**

| 09:10-10:00 | **Presidential Keynote Addresses**

□ Participating Presidential Addresses

| 09:50-10:15 | **Nigerian National Petroleum Corporation Session: Leading Nigeria's Energy Transformation**

- Major project updates □ Infrastructure and Gas Opportunities.
- Future outlook of investment into Nigeria's Oil and Gas Sector.
- Tackling gas flaring in Nigeria as part of the 2030 Climate Plan.
- Opportunities in the global green transition for NNPC and investors.

| 10:15-10:45 | **Natural Gas and the Climate**

- Commercialising NatGas and the effects it will have on clean power generation.
- Shipping, Storage and Terminal Projects that promotes investment into NatGas across Africa.
- Carbon Neutral Gas Initiatives.
- Cross Border Opportunities/Collaboration.

| 10:45-11:15 | **OPEC: The Climate Change Challenge for the Oil & Gas Industry**

- OPEC's role in confronting the climate challenge with fellow members.
- Balancing economic development requirements of members with reducing emissions.
- An outlook of the Oil & Gas industry beyond 2050.
- Are producers ready for the green energy transition?

| 11:15-11:30 | **Tea & Coffee**

AGENDA

Day 2

DAY 2

OIL & GAS DAY

| 11:30-13:00 | Country Spotlight Sessions

| 11:30-12:00 | Developing A Vibrant Oil and Gas Sector- Country Spotlight

- Overview of the oil and gas sector
- Investment opportunities in new oil and gas projects.
- Upcoming bid rounds for oil and gas concessions.

| 12:00-12:30 | Exploring Gas Opportunities in Africa- Country Spotlight

- Incentives to promote gas exploration and investment in the sector.
- LNG infrastructure investment opportunities.

| 12:00-13:00 | Nigeria's Governors Forum Session

A collaborative effort with oil and gas rich states

- Developing a vibrant oil and gas sub-sector internally.
- Taking a proactive step in promoting sustainable and environmental oil and gas projects.
- Balancing national interests with states interests.

| 12:30-13:00 | Commercialising Oil and Gas Resources- Country Spotlight

- Investment opportunities in the sector; Major oil and gas projects in development.
- Upcoming licensing rounds.

| 13:00-14:00 | Lunch

AGENDA

Day 2

DAY 2

OIL & GAS DAY

| 14:00-14:45 | Oil & Gas Traders Forum

Strategic Insights to the Oil and Gas Market

- Key driver of demand and supply, disruption to the market with ICEs phased out in Europe by 2050.
- International trading firms role in the climate change conversation.
- New opportunities for firms within the sector in a green world.
- Navigating the □green□ premium in the market.
- Financing new projects or time to sell assets?

| 14:45-15:30 | Carbon Neutral Fuels

An alternative to high carbon fossil fuels

- Hydrogen & Alternative Energy Fuels.
- Unlocking the untapped renewable energy in Africa.
- Discussing new hydrogen fuels technology and its benefits.
- The challenges and opportunities in transitioning to hydrogen.
- How to attract investment in the sector?

| 15:30-16:00 | Tea & Coffee

| 16:00-16:30 | Diversity and Inclusion in the Oil & Gas Sector

Panel Discussion

- Strategies on how to reverse exclusion and lack of diversity at board room level in the oil and gas sector.
- Case studies and insights on successful strategies.

AGENDA

Day 2

DAY 2

OIL & GAS DAY

| 16:30-17:15 | The Shipping Industry

Panel Discussion

- ☐ Can the shipping industry transition to green energy?
- ☐ Viable green alternatives to burning tons of fossil fuels every day.
- ☐ The economic impact of the green transition if sustainable.
- ☐ Policies and incentives to promote a smooth transition.

| 17:15-17:30 | Day 2 Recap

| 17:30 | Close of the Conference

AGENDA

Day 3

DAY 3

POWER AND RENEWABLE ENERGY

| 09:00-09:15 | Welcome Address by the Hon. Minister of Power

| 09:15-10:30 | Plugging the Power Gap in Africa

A case for renewable energy

- Clean energy to power Africa's bright future?
- The impact of covid-19 on Agenda 2063?
- Policies and frameworks to help drive investment into clean energy.
- Tapping into Africa's vast renewable resources in producing low carbon energy.

| 10:30-11:30 | Clean Energy Projects in Africa

Corporate spotlights

- The challenges and opportunities of a renewable energy projects in Africa
- Who should take the lead, government or the private sector?
- Connecting rural communities to the grid.
- Constrains to green energy development.

| 11:30-11:45 | Tea & Coffee

| 11:45-12:15 | AfCTA & Africa's Energy Future

A global problem requires a global solution

- Can the AfCTA accelerate the green energy transition in Africa?
- A regional and cross border approach to address the energy deficit.

AGENDA

Day 3

DAY 3

⚡ POWER AND RENEWABLE ENERGY

| 12:15-13:00 | Europe-Africa Partnership for Green Energy

- A bilateral approach to the green energy transition.
- Development finance in the energy sector.
- Technology and innovation sharing.
- Knowledge sharing from Europe's move away from fossil fuels.

| 13:00-14:00 | Lunch

| 14:00-15:00 | Climate Change: An African Perspective

- The disproportionate impact of climate change on Africa and why Africa needs to lead the way on climate change.
- The opportunities of new climate economy in Africa.
- The transition towards low carbon technologies and low carbon infrastructure.
- The importance of the Green Climate Fund and similar funds to climate change.

| 15:00-15:30 | Corporate Accountability

Fireside chat with a CEO of a leading African Conglomerate

- The private sector and climate change.
- The business challenge to the green transition.
- How can companies reduce their own carbon emissions?
- Should companies be compensated for losses by going green?

| 11:30-11:45 | Tea & Coffee

AGENDA

Day 3

DAY 3

 POWER AND RENEWABLE ENERGY

|16:30-17:00 | New technologies and Innovation

- Making heavy industry and the supply chain greener.
- Supporting the green transition through data and analytics.

|17:00 | Close of the Conference

AGENDA

Day 4

DAY 4

FINANCING PROJECTS

| 09:00 – 09:40 | Keynote Addresses by the Hon. Minister of Finance and Governor of CBN

| 09:45-10:30 | Natural Resource Optimisation Panel

Attracting foreign direct investment

- ☐ Using AI and Analytics to drive FDI.
- ☐ Short term costs vs long term benefits for data acquisition programmes.
- ☐ New tools for marketing investment opportunities.

| 10:30-11:00 | Financing Mining Projects in Africa

Providing the funds for new projects from development agencies

- ☐ Key drivers of mineral investment across the continent.
- ☐ Alternative finance available for projects.
- ☐ Optimism or Caution: projections for the industry beyond 2022.

| 11:00-11:30 | Capital Markets Funding

The role of Stock Exchanges

- ☐ Fund raising on the public market.
- ☐ Retail investor appetite for mineral projects.
- ☐ Exchanges for mining investment.
- ☐ Private equity vs Capital markets

| 11:30-11:45 | Tea & Coffee

AGENDA

Day 4

DAY 4

FINANCING PROJECTS

| 11:45-12:30 | Projects Showcase Session

Presentation of projects seeking investment to a panel of investors.

| 12:30-13:15 | Financing Natural Gas and Renewable Energy Projects

Panel Discussion

- Investment is the key to clean energy.
- How to make sustainable investment more appealing to institutions and funds?
- Opportunities in the green transition to make the most returns?
- Using climate change data to guide investment decisions.
- Appetite for renewable energy projects in Africa.

| 13:15-14:15 | Tea & Coffee

| 14:15-15:00 | Capital Projects Finance Panel Discussion

Connecting Africa

- Financing Africa's natural resources infrastructure projects.
- Assessing urgent needs to access available funding tools for capital projects.
- What are the ESG consequences of the raise in demand for green metals?
- How can communities benefit from the investment going to the metals? Should this drive investment decisions?

AGENDA

Day 4

DAY 4

FINANCING PROJECTS

| 15:00-15:45 | Investors Forum

An investors perspective investing in Africa

- ☐ Key criteria driving investment in Africa?
- ☐ Funding options for mineral projects.
- ☐ Decision making process of a portfolio manager.
- ☐ Success stories investing in Africa.

| 16:00 | Close of Conference Remarks

Abuja ICC
